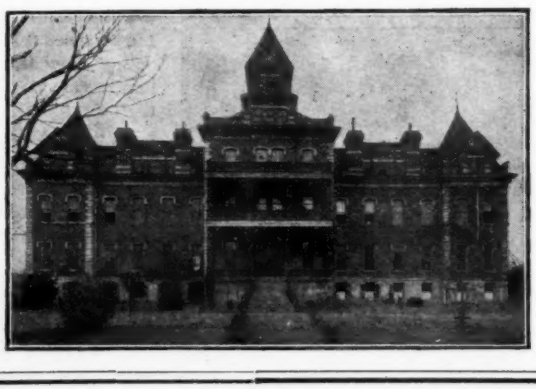
W. H. DOUGHTY, M. D., Dean. **W. C. LYLE, M. D., Vice-Dean.**

L. W. FARGO, M. D., Secretary

An Integral Part of the University System | **Member Association of American Medical Colleges** | **Rated as Class "A" by the Council of Medical Education**

Eighty-second Annual Session begins September 17, 1913.



COURSE—4 years duration of nine months each. Instruction is eminently practical throughout. Combined course of six years leading to B. S. and M. D. Degrees.

LABORATORY FACILITIES—Thorough technical training in seven different and fully equipped laboratories.

CLINICAL ADVANTAGES—All medical charities in the city under control of Faculty. Classes are divided into small sections and students come into intimate personal contact with patients in Hospitals and Clinics. Every Senior student has a period of hospital residence.

LIBRARY—A modern reference library is available for the use of students.

BULLETINS will be sent upon application to the Secretary.
